

# TENNANT FACT SHEET

Tennant Company, a Minnesota corporation founded in 1870 and incorporated in 1909, is a world leader in designing, manufacturing and marketing solutions that empower customers to achieve quality cleaning performance, significantly reduce environmental impact and help create a cleaner, safer, healthier world. Tennant is committed to creating and commercializing breakthrough, sustainable cleaning innovations to enhance its broad suite of products, including: floor maintenance and outdoor cleaning equipment, detergent-free and other sustainable cleaning technologies, aftermarket parts and consumables, equipment maintenance and repair service, specialty surface coatings and asset management solutions. Tennant products are used in many types of environments including: Retail establishments, distribution centers, factories and warehouses, public venues such as arenas and stadiums, office buildings, schools and universities, hospitals and clinics, parking lots and streets, and more. Customers include contract cleaners to whom organizations outsource facilities maintenance, as well as businesses that perform facilities maintenance themselves. The Company reaches these customers through the industry's largest direct sales and service organization and through a strong and well-supported network of authorized distributors worldwide.

## VISION

We will lead our global industry in sustainable cleaning innovation that empowers our customers to create a cleaner, safer and healthier world.

## SUSTAINABILITY

Our Sustainable Enterprise initiative, its programs and actions, are aligned with our core value of stewardship and an integral element of our company's vision. To become a sustainable enterprise, Tennant has established long term, quantitative measurable goals for four focus areas: Products, Greenhouse Gas (GHG) Emissions/Energy, Waste and People and Community.
