Our flexible lease and service plans can help you meet your customers' needs—and your budget.

Choose from an extensive line of solutions, including insight-driven technologies and ground-breaking innovations to help you gain a competitive advantage, increase revenues and margins, and reduce training and operating costs.

Your clients demand clean, safe indoor and outdoor environments. Tennant Company has the solutions you need to stay in the game and stay ahead of your competition. Here are just a few of our latest innovations:

ReadySpace® Rapid-drying Carpet Cleaning Technology provides fresh, clean carpets in minutes to reduce room and carpet area closure times

FaST® - Foam Scrubbing Technology uses up to 70% less water and 90% less chemicals to improve floor traction as certified by NFSI, helping reduce the risk of slip and fall accidents.

ec-H2O™ technology electrically converts water into an effective cleaning solution that cleans better, saves money, improves safety, and reduces environmental impact compared to daily cleaning floor chemicals.

ENVIRONMENTAL FLOOR CARE SOLUTIONS

Facility managers are increasingly concerned about the environmental impact of cleaning operations. Tennant helps you:

- Increase safety by reducing the risk of slip-and fall incidents
- Reduce chemical use and its environmental impacts
- Clean day or night with quiet, efficient solutions
- Improve indoor air quality for your employees and customers

Reduce Noise

Improve Air Quality

Increase Safety

Decrease Detergents
