

Orbital Floor Pads

CLEAN, PROTECT & MAINTAIN YOUR FLOORS

Tennant's Orbital Floor Pads deliver chemical free floor stripping, reduce water consumption and eliminate the need to handle caustic stripping chemicals.

- Scrubbing and chemical-free floor finish stripping
- Operate along edges and in corners
- Aggressive scrubbing
- Consistent solution distribution
- Consistent floor finish removal

PROTECT & CLEAN YOUR FLOORS

3M™ WHITE POLISHING PAD

Use the white polishing pad for light cleaning to help remove soil and soft scuff marks with minimal dulling of finish.

3M™ RED CLEANING PAD

Red pads are designed for everyday cleaning and light scrubbing to remove light soil, scuff marks and black heel marks.

3M™ BLUE SCRUBBING PAD

The blue pad is used in heavy-duty scrubbing for 1-2 coat removal prior to recoating. It removes dirt, spills, and scuffs while leaving a clean, prepared surface.

3M™ MAROON SURFACE PREP PAD

The surface prep pad is designed for heavy-duty scrubbing for 2-4 coat removal prior to recoating. It prepares wood, vinyl tile, sheet vinyl, marble, terrazzo and concrete floors for finish applications.

GREEN TURF PAD NEW

The green turf pad is designed to clean grouted tile floors, such as restrooms, and is capable of cleaning deep into grout lines. It is also effective on terrazzo, non-slip surfaces, concrete and other uneven floors (*see before & after photo*).

ORBITAL PAD BACKER WITH VELCRO

The pad backer allows for compression of the working pad to the floor for optimal scrubbing or removal of floor finish. Uniquely designed to prevent the working pad from falling off during use or transportation.

MATERIAL	DESCRIPTION
	<i>All pads are 14" x 20"</i>
1205512	3M™ White Polishing Pad
