IMPROVE CLEANLINESS AND SAFETY IN SMALL SPACES

MAXIMUM PRODUCTIVITY

Dual side brushes increase the sweeping path to 870 mm, and a large 50 L hopper saves your operator trips to the bin, allowing for more time cleaning.

VERSATILE ANYWHERE, ANYTIME CLEANING

The S3's flexible design is well suited for indoor and outdoor cleaning. Manual operation makes it the perfect option for noise sensitive environments. TwinMax™ technology also allows for the sweeping of multiple indoor and outdoor surfaces without the need to change brushes.

SUPERIOR CLEANING PERFORMANCE

Increase productivity with simple, no-tool side brush adjustments and easy-to-use operation for less time training and more time cleaning. The S3's contoured handle is also padded for optimal comfort.
