

CREATING A CLEANER, SAFER, HEALTHIER WORLD.

EQUIPMENT

B10

RIDE-ON BURNISHER

- Burnish small and large areas quickly and easily
- Simplify machine operation and service with intuitive controls and automated burnisher head lift
- Improve Indoor Environmental Quality (IEQ) with active HEPA dust filtration and quiet operation

B10 RIDE-ON BURNISHER

BURNISHING SYSTEM

	610 MM	690 MM
Path (disk)	610 mm	690 mm
Pad motor	3 kW direct drive	
Pad speed	1,500 - 1,600 rpm	
Down pressure (adjustable)	70, 78, 85 amps	
Burnishing speeds (forward)		
Low	46 mpm	
Medium	53 mpm	
High	61 mpm	
Console programmable speed		
Low range	38, 46, 53 mpm	
High range	76, 84, 91 mpm	

POWER SYSTEM

Battery type	Flooded lead acid 6x6 Volts 435 Amp Hour at 20 hour rate
Battery run time	3 hour (min) at low down pressure setting
On-board charger	25 Amp rating with charge time < 18 hours

DUST CONTROL SYSTEM

Dust filtration	4-stage HEPA filtration
-----------------	-------------------------

MACHINE SPECIFICATIONS

Length	1,486 mm	1,486 mm
Width	762 mm	800mm
Height	1,397 mm	1,397 mm
Weight		
(with lead acid batteries)	611 kg	612 kg
Sound level	69 dBA	69 dBA
Construction	Carbon steel main frame (painted) Rotationally moulded polyethylene front and rear body parts	

WARRANTY

See your local representative for warranty information

SUPERIOR HIGH GLOSS RESULTS

CUSTOMISE YOUR CLEAN

The B10 is available in a 610 mm or 690 mm cleaning path with a “free-floating” burnisher head for uniform results on uneven surfaces. With 3 speeds and 3 down pressure settings, you can use one machine for many applications and environments.

IMPROVE INDOOR ENVIRONMENTAL QUALITY

The active 4-stage HEPA filtration dust control system increases indoor environmental quality and a low 69 dBA sound level makes machine operation safe and comfortable anywhere, anytime.

IMPROVE OPERATOR COMFORT AND PRODUCTIVITY

Ergonomically designed to make burnishing comfortable, the B10’s compact riding design can cover large areas quickly while fitting in tight areas like doorways and elevators.

SIMPLIFY MACHINE OPERATION AND MAINTENANCE

Automated head lift and easy battery access allows for simple serviceability. The B10 is available with the QA Controls™ System which allows supervisors to lock-in machine settings for consistent speed and down pressure every clean.
