

Tennant 1610

The Tennant 1610 is a dual technology carpet cleaner able to perform both frequent and restorative cleaning. This machine is equipped with ReadySpace™ Technology. Carpets cleaned with 1610's ReadySpace technology are dry and ready for foot traffic in less than 30 minutes. For periodic restorative cleaning, the 1610 delivers unsurpassed extraction performance. The Tennant 1610 offers you power and flexibility in one machine.

Features

- Dual technology cleaning
- ReadySpace™ technology
- Large solution capacity
- Front and rear fill points
- Roto-moulded polyethylene construction
- 2 Spray jets spray solution directly on the rollers
- Superior vacuum lift and extraction capability
- Excellent airflow design

Benefits

- Frequent and restorative cleaning covered in 1 machine
- Highly productive, drying time less than 30 minutes
- Increases productivity
- Easily accessible fill ports and easy to fill
- Extremely durable
- Improves the efficiency
- Removes more soil for high performance cleaning
- Increased soil and water recovery for unsurpassed extraction performance

Applications

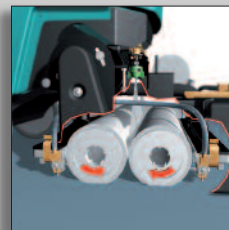

- Hospitality sector
- Healthcare
- Office buildings
- Education
- Airports
- Convention centres
- Contract cleaning

1610 - Brushes for restorative cleaning

1610 - Rollers for maintenance cleaning
