

Value Beyond the Surface

AMR is more than just saving labor hours.

Innovation

Data insights
 Innovation leader
 Enable new tasks & services
 Customer experience

Direct Labor Cost Savings

Save hours & redeploy labor
 The 'qualifier'

Indirect Labor Cost Savings

High churn
 Recruitment
 Training
 Absenteeism
 Illness reduction in overtime
 Hours and labor shortage

Operational Improvements

Optimise cleaning routes
 Identify cleaning hinderances

Indirect Cost Savings

Less damage & repair costs - more uptime
 Safety with consistently clean floors
 Reduce floor finish restoration steps

Cleaning Consistency & Proof of Performance

Consistent execution - reliability
 Prove & report

Increase Revenue

Cleanliness is a key driver to the length of time shoppers stay/visit stores
 Increase indoor air quality keeping healthy students in the classroom
 Change employee cost to revenue generating activities

AMR value is much more than a calculation with labor hours saved and cost of cleaning labor. Tennant's dedicated staff has the experience to help identify all areas robotics drives value.
