

5000-Sc

ON-SITE GENERATOR

SIMPLY DISPENSE AND CLEAN

Generate cleaning solution right on site — when and where you need it. The Orbio® 5000-Sc simplifies processes and saves time and money, while replacing a variety of multi-coloured and fragranced conventional cleaning chemicals.

SMART MACHINE

- Easy-to-use display tells when to add softener salt or change the filter, and includes a digital readout of the solution quantity dispensed

FAST FILL

- Up to three times as fast as a typical tap and hose; fills a 95 litre tank in less than two minutes

HIGH CAPACITY

- Automatically generates ready-to-use cleaning solution with no mixing required; stores 454 litres of Orbio MultiSurface Cleaner

BOTTLE FILL

- Allows walk-up dispensing on demand for smaller solution containers such as bottles used in spray-and-wipe cleaning

EASY INSTALLATION

- Requires only a water supply, drain, and electrical to install and start using

**ONE GENERATOR + ONE SOLUTION =
REPLACE MULTIPLE CONVENTIONAL PACKAGED CHEMICALS**

MultiSurface Cleaner

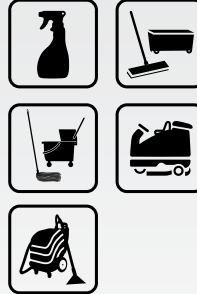

FILLS SPRAY BOTTLES

REPLACES

- All-purpose cleaners

Expand Range and Capacity

Customise the Orbio® 5000-Sc for your facility and cleaning processes. Auxiliary tanks expand the volume of solution you can store. Solution Transport Carts move a large volume of MultiSurface Cleaner to remote cleaning stations.
