

CREATING A CLEANER, SAFER, HEALTHIER WORLD.

INNOVATION

5000-SC ONSITE GENERATOR

Generate cleaning solution right on site - when you need it. The Orbio® 5000-Sc simplifies processes and saves time and money, while replacing a variety of daily conventional cleaning chemicals.

INTRODUCING ORBIO® SPLIT STREAM TECHNOLOGY

Generate an effective, sustainable cleaning solution on site, right where you need it. Orbio® Split Stream technology generates a cleaning solution that replaces many daily-use conventional cleaning chemicals.

The Orbio® 5000-Sc generates a cleaning solution for use in spray and wipe applications, touchless cleaners, carpet extractors and floor scrubbers.

REDUCE YOUR IMPACT

By decreasing the need for conventional daily-use chemicals, you can significantly reduce your environmental impact according to an independent study by EcoForm.

INCREASE HEALTH AND SAFETY

Orbio® solution is odourless and does not irritate the skin or eyes. Using the solution also reduces the potential for slip and fall accidents as it is certified high traction by the National Floor Safety Institute (NFSI).

CLEAN MULTIPLE SURFACES

Orbio® solution cleans as well as comparative products for all-purpose and glass cleaning in spray and wipe applications, in an independent test conducted by the Toxics Use Reduction Institute (TURI) Surface Solutions Laboratory.

CONTROL COSTS

Reduce the need for buying, transporting, storing and disposing of many conventional daily use cleaning chemicals and packaging.

THE RESPONSIBLE WAY TO CLEAN

SMART MACHINE

- Easy-to-use display indicates when to add softener salt or change the filter, and includes a digital readout of the solution quantity dispensed

FAST FILL

- Up to three times as fast as a typical faucet and hose; fills a 95-litre tank in less than two minutes

HIGH CAPACITY

- Automatically generates ready-to-use cleaning solution with no mixing required; stores 450 litres of Orbio MultiSurface Cleaner

BOTTLE FILL

- Allows for walk-up dispensing on demand for smaller solution containers such as bottles used in spray and wipe applications

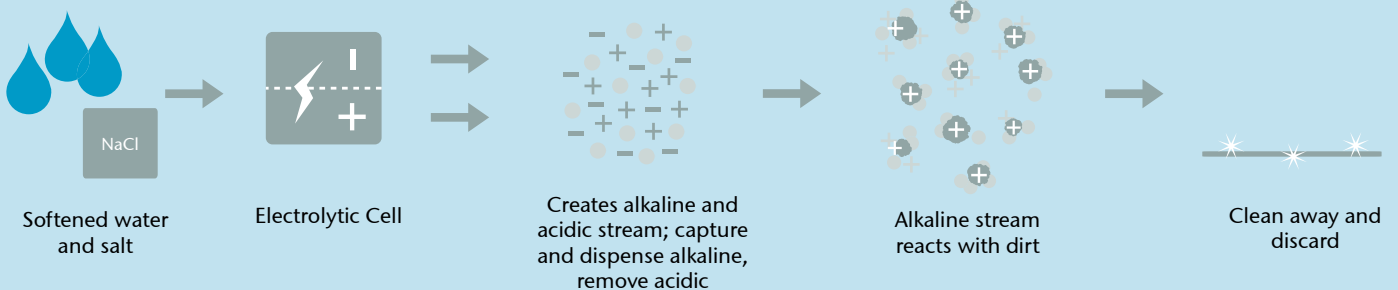

EASY INSTALLATION

- Requires only a water supply, drain and electricity supply to install and start using

ORBIO® 5000-SC: HOW IT WORKS

THIRD PARTY EVIDENCE

Orbio® 5000-Sc cleaning solution is NFSI (National Floor Safety Institute) Certified. NFSI certified products must pass a 2-phase wet slip resistance process and have been shown to reduce the potential for slip and fall accidents.

Orbio® 5000-Sc cleaning solution is registered by NSF International as acceptable for use as a general floor and wall cleaner in and around food processing areas, where it is not intended for direct food contact.

WOOLSAFE Approved
Orbio® 5000-Sc cleaning solution is a WOOLSAFE-approved environmentally preferable product for use on wool and advanced generation synthetic carpets and rugs.

TURI Tested
Cleaning solution generated by the 5000-Sc was tested by the TURI (Toxics Use Reduction Institute) Surface Solutions Laboratory and found to clean as well as comparative products for all purpose and glass cleaning in spray and wipe applications.

WHAT OUR CUSTOMERS ARE SAYING ABOUT ORBIO®

“My staff tell me that the Orbio® 5000-Sc solution works great, from removing fingerprints on glass to cutting through grease on kitchen floors. It truly is a good, eco-friendly, all-purpose cleaner - as good or better than anything we are using now.”

*Pete Vlamis, Director,
ARAMARK Buildings and Grounds*

“The Orbio® 5000-Sc has all the upsides we want - it’s healthier, better for the environment, it simplifies training and we can save money.”

*Mike Kilsdonk, Manager,
Operations Support Services for Marsden Building
Maintenance*

“Once I saw how good a job it did cleaning multiple surfaces, I was impressed. And in our opinion it works as effectively as the conventional cleaners we were using on our glass and carpets.”

*Conor McGarvey, Director of Operations
David L Lawrence Convention Centre*

“I look for a consistently clean building and the Orbio® 5000-Sc solution is consistent. There’s no need to mix it, you can’t over or under use it like chemical cleaners.”

*Tom Dillulio, Director of Building Services
Global Spectrum*
