

CREATING A CLEANER, SAFER, HEALTHIER WORLD.

T500

WALK-BEHIND FLOOR SCRUBBER-DRYER

Deliver predictable results, extend machine life, and reduce cost of ownership with an innovative suite of technologies THE T500 SCRUBBER-DRYER DELIVERS OPTIMAL PERFORMANCE AND CONSISTENT RESULTS ON VIRTUALLY ANY HARD FLOOR SURFACE CONDITION WHILE LOWERING CLEANING COSTS

THE T500 ADDRESSES YOUR KEY BUSINESS CHALLENGES

REDUCE COST TO CLEAN

€

C

0

Extend machine life and reduce costs of ownership with an innovative suite of technologies and durable components.

IMPROVE HEALTH AND SAFETY

Innovative features maintain health and safety of operators, customers, and the environment.

ENHANCE FACILITY IMAGE

Deliver predictable results and maintain the cleanliness and appearance of your facility's floor, enhancing your facility's image.

MINIMISE ENVIRONMENTAL IMPACT

Reduce environmental impact with detergent-free cleaning options.

INSIDE THE

T500

Easily clean Hygenic[®] tanks to help reduce mold, bacteria, ••• and other contaminants

ec-H2O NanoClean® technology with optional Severe Environment™ Switch allows you to tackle trouble areas on-demand

Easily fill your machine with an accessible port at the front

Quickly and ergonomically install disk pads and brushes with Insta-Fit[™] and gimbal mount heads Improve operator ergonomics with propel direction switch and speed settings within easy reach

> Keep the cleaning supplies you need on hand with the built-in accessory trays

Easily and ergonomically lower and raise the foot activated squeegee

Virtually eliminate water drips with an integrated P-trap and up to a 4-second vacuum delay

Optional Smart-fill[™] technology prevents operators from using scrubbing functions on dry batteries and a control panel alert notifies operators when the distilled water tank is low

Orbital scrubbing is ideal for daily cleaning of floors and sideboards.

Reduce time spent trying to accurately fill the solution tank with auto-fill and water level monitor. Quickly and easily clean recovery tank with optional on-board spray nozzle and hose.

TECHNOLOGIES TO MAKE CLEANING EASIER

T500 CONTROL PANEL OPTIONS

Pro-Membrane[™] (Standard)

- I-step[™] start button
- 3 down pressure settings
- 4 water flow settings
- Quiet-Mode[™] (62 dBA)
- Supervisor lockout mode
- Fault code display, BDI LEDs
- 3 Zone Settings[™]

Pro-Panel[™] LCD Touch Screen (Option)

- I-step[™] start button
- 3 down pressure settings
- 4 water flow settings
- Quiet-Mode[™] (62 dBA)
- Supervisor lockout mode
- Fault code display with on-screen alert
- 4 Zone Settings[™] with customizable labels
- Superviser and Operator ID log-in
- **28** languages available
- On-demand training/maintenance videos

WHY CHOOSE TENNANT*TRUE*[®] BRUSHES ON T500?

Save money, cleaning time and water with genuine Tennant*True*[®] scrubbing brushes, designed specifically for Tennant machines to maximize their cleaning performance.

The NEW INSTA-FIT[™] DISC BRUSH also simplifies the maintenance:

- Take the guesswork out of the machine maintenance. The yellow brush wear indicator will ensure the brushes are replaced at the correct interval time.
- Reduce the daily time and effort required to install and remove the brushes thanks to the yellow touchpoints and self-aligning interface.

SMART-FILL™ AUTOMATIC BATTERY WATERING

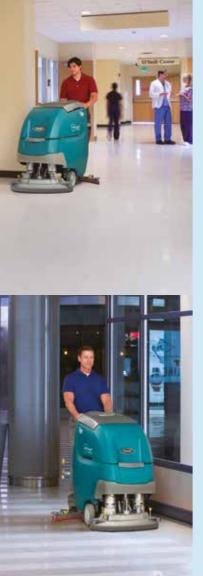

Smart-Fill is the first on-board battery watering system that automatically fills batteries correctly, at the best time in the charging cycle and with minimal human intervention, making battery maintenance easy and virtually worry-free.

TENNANT*TRUE*[®] PARTS AND SERVICE

- Reduce rework, labor and safety costs by using only TennantTrue[®] parts and service.
- Leverage the knowledge and experience of over 220+ factory trained Tennant service technicians that utilize only Tennant*True*[®] parts to ensure optimal cleaning performance.
- Select from a wide array of Tennant service plans designed to meet your cleaning equipment needs – whether that includes peace of mind and budget control, speed of response or uptime.

IMPROVE THE EFFECTIVENESS OF YOUR CLEANING RESOURCES, INVESTMENTS, AND OPERATIONS WITH A NEW SUITE OF TECHNOLOGIES

- Reduce costs to clean, increase productivity, and simplify operator training with the T500's suite of innovative technologies, such as optional ec-H2O NanoClean[™], IRIS[®] Fleet Manager, or Pro-Panel[™] LCD touch screen with customisable Zone Settings[™].
- Quiet-ModeTM reduces noise levels for daytime cleaning without disruption.
- Effectively remove floor finish without expensive stripping chemicals and improve cleaning performance with the orbital cleaning head option, featuring optimal down pressure and high RPMs.
- Reduce risk of slips and falls with a redesigned squeegee and integrated P-trap that improves water pick up and prevents water from dripping on the floor after cleaning.
- Reduce time spent trying to accurately fill the solution tank with optional autofill and water level monitor.
- Charge batteries safely with the lid closed with on-board charger fan and integrated venting.
- Optimise long-term performance of wet batteries with Smart-Fill[™] automatic battery watering.
- Help prevent breakdowns and simplify preventive maintenance and training with yellow touch points.

INNOVATIVE, EXCLUSIVE TECHNOLOGIES

Smart-Fill[™] makes battery maintenance safer by removing the task of checking, opening, and filling wet batteries.

Deliver predictable cleaning results with operator ID, on-demand tutorial videos and customisable Zone Settings[™] with Pro-Panel technology.

Increase productivity, reduce cost to clean and make informed decisions with intelligent insights from IRIS[®] Fleet Manager.

ec-H2O NanoClean[™] technology electrically converts water into an innovative cleaning solution that cleans effectively, saves money, improves safety, and reduces environmental impact compared to daily cleaning floor chemicals and methods.^{*}

* ec-H2O NanoClean[®] technology is not suitable for all soils, including heavy concentrations of fats and oils. Depending on the type of soil, conventional chemical cleaners may be required.
